WELCOME TO STAY

Our A to Z aims to give you great insight into our venue, and hopefully will answer some questions you may have as you start this exciting journey towards your most special day. Please use this as your reference and never forget that we are always here to help answer any questions that you may still have.

A

Accommodation:

STAY, by the true definition of the word, offers 11 STAY Suites, 10 Luxury Pool Villas, the Dusk Suite, the Dawn Suite and the Grand Lunar Suite which together accommodate 52 guests. Every Suite has been carefully designed to offer a luxurious stay for all guests and attention to detail is very important when it comes to accommodation. All Suites come fitted with a King Size Extra Length Bed with a Sloom Mattress that can be custom set for your comfortability and stay, Egyptian Cotton linen, Nespresso Machines, air-conditioning, a hairdryer, slippers and Charlotte Rhys amenities.

The Dusk Suite:

The Dusk Suite is one of our premier Suites on offer. This two bedroom, three bathroom villa offers exceptional views of the Venue, the Central Mandala and the Zwartkop Valley, whilst privately hosting a large pool and extensive gardens. With its size and stature, this villa offers a spacious living area, ideal for wedding preparation.

The Dawn Suite:

The Dawn Suite is one of our premier suites on offer. This two bedroom, three bathroom villa offers exceptional views of the Venue and Ceremony Area, as well the Zwartkop Valley, whilst privately hosting a large pool and extensive gardens. With its size and stature, this villa offers a spacious living area, ideal for wedding preparation.

The Lunar Suite:

Designed with absolute privacy in mind, the Lunar Suite is a villa like no other, offering the perfect marriage of indoor and outdoor living, indoor and outdoor showers, and manicured gardens. This villa is perfectly designed to accommodate a couple in utter luxury whilst still offering a relaxing home-styled experience.

STAY Pool Villas

Stay is proud to offer 10 phenomenal Pool Villas that overlook the Zwartkop Valley with views all the way to Sandton City. Each villa offers a spacious bedroom with King Size Extra-Length Bed, en-suite bathroom, outdoor shower, lounge and pool.

STAY Suites

Designed for ease of stay, these suites offer a King Size Extra-Length Bed, ensuite bathroom with an in-door and outdoor shower and views of the Zwartkop Mountain.

For more information about accommodation at STAY or in the nearby area, please send our Hospitality Team a mail at rooms@staybyinimitable.com We must point out that if you do not book a room or Suite at STAY, there is the possibility that any other interested party could and therefore we remind you that if you are looking for complete exclusivity of the accommodation Suites, that you book them all upon securing the venue.

Additional set up hours:

Should you require additional set up hours for your event, we would need to charge accordingly for the additional hours as per our advertised pricing on our Additional packages.

Alcohol:

It is hereby stated that STAY is a fully Licensed venue and that our bar prices are subject to change within reason due to external circumstances such as sin tax, sugar tax and petrol price increases. We will always endeavour to keep our prices competitive to ensure that your guests enjoy the wedding to its full potential.

The Liquor Act, and our License specifically, allows for a certain amount of alcohol to be brought in, by you the client. Please feel free to peruse the contract for more information about this. Corkage will always apply for alcohol brought in by a client, and the pricing for this is advertised in our Additional Pricing PDF.

Guests may not bring alcohol onto the property. We have an obligation to ensure the safety of your guests and therefore any guest that is caught drinking from a car or drinking their own liquor, will be fined R 1000 immediately per bottle opened. This is enforceable and necessary to protect both your wedding and the venue.

Accounting:

Inimitable Group is proud to have Magdel Woodward, a highly experienced and trained Accounts Manager, who manages all payments and invoices. She can be reached at accounts@zk-ec.com.

When making a payment to the venue, please adhere to the following:

- Always send us a POP - it helps for filing.
- Always use the reference / invoice number as shown on the invoice when making a payment. We struggle so much when a payment reference is simply "our wedding".

B

Breakages:

You will see that there is a breakage deposit on your invoice. This amount has been added to protect us, as a venue, from any damages and to ensure that we, as a venue, can constantly replace any broken items and ensure that the venue remains in an excellent condition. After your wedding, a count will be done and the amount calculated. After some simple maths, the remainder of funds will be refunded to you. It goes without saying that on the night, there will be glasses that break- although sometimes this does not happen, it is the exception rather than the rule.

Bar tab

The South African Liquor Act does not allow for the sale of alcohol on credit. Therefore if you would like to place a bar tab down (for your guests to have a couple free drinks on the night), you are hereby requested to make payment for this before the wedding. Should this bar tab amount not be reached, the remainder will be refunded to you. We do not allow a bar tab amount of higher than R50 000 to be placed. Any additional tab amount will need to be swiped for on the night.

Bar Auditor:

It is expressly stated that no external Bar Auditors are allowed to work at STAY. The Inimitable Group is proud to use the services of a SARS Registered Bar Auditing Company to manage their bars. This company is not owned or affiliated in any way that would be in contravention of the CPA and is completely independent.

You will be pleased to know that this bar auditing company does a full stock count before the wedding and a full stock count after the wedding. If the physical sales do not match the system sales, the difference is removed from the bar staff salaries. Therefore it is in the best interest of our bar staff to ensure that the bar balances with the auditing company. We are strict in an effort to protect you, the client, as well as ourselves.

Breakfast:

Breakfast is served at the Canapés Area, and is included in your room rate. If you would like to invite more people to breakfast, please note that this will be charged for and must be arranged prior to the wedding. This can be organised through our Hospitality team.

C

Cake Setup:

The founders of the Inimitable Group have executed over 2500 weddings and thus have been intimately involved in as many cakes. With this experience, please let us offer some advice:

As a venue, we are not responsible for the set up of your cake. We would hate to be blamed for a poor cake construction and would rather like to dodge that moment with you. Ice cream cakes are almost always a terrible idea in South Africa. Butter cream cakes in summer are also a tinge risky. We always believe that it's better to trust a professional cake company for your cake as they have extensive experience in the realm of wedding cakes.

Ceremony Start Times:

In summer months: January - April & October - December we allow a start time from 3pm onwards.

In winter months: May - September we allow a start time from 1pm onwards.

Children:

We are, and always will be, big fans of small kids! Kids are welcome at STAY and are charged for at the following rates:

- Kids under the age of 6 are free of charge.
- Kids between the ages of 6 and 12 are charged at the advertised price in our Additional Pricing PDF.
- Kids over the age of 12 are charged as full adults.

Children's Room:

This room has been placed in close proximity to the Reception Hall for peace of mind for the parents. It is available free of charge for you to use, however we do suggest the following:

Leaving kids unattended is never a sensible idea and therefore we recommend the use of a child minder or "wedding nanny" to look after the little fellows. We have some super suggestions for you in this regard. The room has WIFI and if your batch of kids is tech driven, we might suggest bringing in a TV or playstation for them. Sadly we cannot offer these to you as we have been shot in this movie a few times and our insurance company got very tired of us asking for new TV's.

Catering:

We only allow external catering in the following circumstances:

- A strictly Beth Din Registered Kosher Wedding
- A strictly Halal Wedding

We are happy to tell you that STAY has a separate kitchen for this purpose. External catering companies are required to bring their own equipment to the venue and are responsible for the state in which they leave this kitchen. Our in-house chef is capable of catering all other religions and customs.

A surcharge is advertised in our Additional Pricing PDF and it is hereby noted that this price is not negotiable. We advertise these prices in order to be completely transparent to all. Asking us to be disingenuous and adjust this costing with a wink wink, will not be entertained.

Check In:

A Wedding Venue differs slightly to an hotel due to the constant 100% occupancy as well as the fact that the two most important Suites are always occupied. Therefore we need to adhere to check in and check out times quite strictly to ensure that your Suite is prepared for you and looks phenomenal. To do this, we need your assistance and adherence to these times.

- Check in for the Dawn Suite is: 10:00
- Check in for the Dusk Suite is: 11:00
- Check in for the Lunar Suite is: 16:00
- Check in for the Stay Suites is: 13:00
- Check in for the Stay Pool Villas is: 13:00

We like to live in a world where each couple respects the next couple and adheres to the check out times in order for us to welcome you and them to a serviced and excellent Suite.

Check Out:

A Wedding Venue differs slightly to an hotel due to the constant 100% occupancy as well as the fact that the two most important Suites are always occupied. Therefore we need to adhere to check in and check out times quite strictly to ensure that your Suite is prepared for you and looks phenomenal. To do this, we need your assistance and adherence to these times.

- Check out for the Dawn Suite is: 09:00
- Check out for the Dusk Suite is: 09:00
- Check out for the Lunar Suite is: 12:00
- Check out for the Stay Suites is: 09:00
- Check out for the Stay Pool Villas is: 09:00

We like to live in a world where each couple respects the next couple and adheres to the check out times in order for us to welcome you and them to a serviced and excellent Suite.

Cobus:

Cobus is the Managing Director of the Incomparable Trust and Inimitable Group PTY LTD. He is, by his nature, a cheerleader and someone who is always fun to be around. He endeavors to be at every wedding, but understandably, this is not always possible.

Coffee and Teas:

At STAY, we use Nespresso as our coffee supplier. You will find Nespresso machines in your rooms and at both venue bars. Coffee in the rooms and suites are complimentary but the price per coffee at a bar is shown in our Bar Pricing PDF.

Contract:

We have some pretty awesome attorneys! In fact they are so good that we try our level best to not have to phone them. They have created a contract for the Inimitable Group. This contract is used at all Inimitable Group Wedding Venues and is designed to be fair to all. As you might know, any contract can only exist in law and have weight if it is deemed to be both reasonable and fair. Our contract is both and it is vital that you initial each page and sign the last page. Without a contract, we will not be able to confirm your booking.

Corkage:

Our corkage rates are advertised in our Additional Pricing PDF and are therefore not negotiable.

Confetti:

STAY is a venue that aims to be as sustainable as possible. Therefore we cannot allow plastic confetti guns. They are also very difficult to clean up and require a massive team to try and catch all the little sprinkles as they blow around the venue and the area. Should you, or a guest, let one go, we will sadly need to charge you a cleaning fee. They are bad for small animals and birds and therefore we are very strict with this. We have some super organic ideas for confetti. Please ask our team for some ideas if you need.

D

DJ's:

STAY is located in the Cradle of Humankind. This is an internationally recognised and protected area and being blessed enough to build here does come with some regulations.

It is a written Mogale City By-Law that Bass Bins are not allowed in the Cradle of Mankind. Research has been done and the base is very harmful towards the animals in the area. We simply do not allow them. If your DJ tries to sell them to you, they are wasting your money. We accept that any DJ worth their weight will know the law and follow it.

Dogs:

This is so difficult to type because we love dogs. I know yours must be so cute, but we sadly cannot allow dogs at your wedding. Weddings can be a very over-whelming experience for a doggo as they are loud and busy. We would feel terrible if your little fur baby got scared and ran away and got hurt. The same applies to cats.

E

E-mails:

To ensure that your wedding is organised with perfection, there are a lot of moving parts that have to work together. Our team works in such a manner and it is important to know who to email to get the best support.

Accounts: accounts@zk-ec.com

Hospitality: rooms@staybyinimitable.com

STAY General enquiries: info@staybyinimitable.com

ZKEC General: info@zk-ec.com

We will always endeavour to respond as fast as humanly possible, however due to the nature of our jobs, we are out of the office during weddings. Therefore a mail sent on a weekend might only see a reply on Tuesday. Like most other wedding venues, we are closed on Mondays. This is to give our staff a day off once a week. They will not be on emails or near the phone on Monday as the office is completely closed.

Event Management:

This is a service offered by Zavion Kotze Events Company and not by the venue. It is a wonderful service to consider and we would suggest chatting to one of their team regarding this.

External Flowers:

The Inimitable Group has always believed that having an in-house floristry and decor company will help remove the delivery and collection costs for clients. This helps to lower the expense, which is a good thing. Zavion Kotze Events Company has won multiple awards for their work over the years and offers excellence in all they do. We do not allow external florists and decor companies to work at STAY. Giving you the wedding of your dreams is our only goal - and we cannot do this if you have another florist. To save you some time, we are unwilling to negotiate this policy.

F

Flowers and Decor:

At STAY, we strictly use the services of Zavion Kotze Events Company. We do this to ensure quality in both design and flowers used.

Food:

STAY has a truly exceptional chef who will help you custom design your wedding menu, but it must be noted that at the time of meal service, if your guests have gone walkabouts and only come back 30 minutes later, the plate of food in front of them might have got cold. We cannot be held responsible for this and ask that guests remain at the tables during food service. We will also happily assist to catch some rogue guests and guide them back to their tables.

Food Allergies:

This is IMPORTANT! In your Final Meeting, you will be asked to provide your final numbers for the wedding. The final numbers must be submitted at least one calendar month before the event date. This is because by this time all of your RSVPs will have come in. We all know the joke; "How do you know if a person is Vegan" - they will tell you. Most guests with dietary requirements will inform you and we know that those with allergies will definitely let you know too. Please pass this information on to the team of chefs along with the venue manager. They together will ensure that we follow this and look after your guests.

Food Experiences:

It is easy for a venue to do food tastings on mass for their couples when they only offer a chicken or beef menu. We do not. We custom design every menu with you, the couple, and therefore it is near impossible to do a food tasting per booked couple. Our chef would spend his life doing food tastings and not weddings - which is a bit backwards. Therefore we allow our chef to do a Food Experience. These occur at least once every 2 months, and are designed to showcase the excellence of our chef so that you can build trust in him. Private food tastings can be arranged if absolutely necessary - but we do feel that they are not.

Food Meeting:

The Food Styling Meeting is a very awesome and exciting meeting that will be arranged for you. It is in this meeting that you design your menu - so come excited and ready to create something truly mind blowing.

Fire Boma:

The Fire Boma area is yours to use during the reception and after the last call has been announced. The Boma is lit a minimum of 30 minutes before the end of your wedding. If you hate a fire, please let the venue manager know and they will not light it. We think it is pretty awesome though. We also do not charge for firewood and you will be provided with ample wood to keep you warm. It is hereby stated that any belongings left at the Boma area are not the responsibility of the venue or its staff. Please do not leave your iPhones and wedding gifts there when you go to sleep - it seems a bit too risky.

Fireworks:

STAY is located within a no fireworks perimeter of Lanseria International Airport. We cannot allow fireworks, it could down a plane for all we know. You are welcome to use smaller cold sparkle fireworks that are noise free and do not exceed 4m in height.

Festive Season:

We will be closed over the festive season to allow our staff to spend time with their families and loved ones. We will sadly not be hosting any Christmas or New Years weddings.

G

Gifts / Wedding Favours:

We are happy to let you bring in wedding favours. They are very cute, but there are some ideas that we feel are worth a mention. Any tiny bottle of booze exceeding 100 ml will be charged at our standard corkage rate - and therefore not really worth it. We suggest avoiding key rings and other such gifts as guests tend to leave them behind which will only make you feel sad. Something that they can eat like a little cookie or macaroon is always a welcomed gift to guests.

Guests:

Your friends and families are a reflection on you and after the journey we have walked with you leading up to the wedding, it will be an honour to meet them. Please remember that as you have booked the venue, they remain your guests and if one of them goes rogue we will always try to chat to you first to resolve an issue.

Gifts (Yours):

Your gifts are special and we have a simple policy whereby we do not accept responsibility for them. We will provide you with a coded envelope safe to protect those “thicker than usual envelopes” and the gift table will always be under constant camera surveillance. All staff are searched on entrance and exit from the venue. Our security is tight, but we ask that a family member please be responsible for the removal of gifts after the wedding to ensure that nothing goes wrong.

H

Hate Speech:

Hate Speech of any nature including but not limited to racism, homophobia, cultural discrimination, the ill treatment of staff or guests will never be tolerated by the venue. As a privately owned company, we reserve the right to remove any person or persons from the property if they are involved in an act of discrimination or hate speech. Racism will not be tolerated at our venue and our staff have been instructed to inform our private security immediately for guest removal.

Hair and Make-Up:

Although not in our policy, we are willing to assist with an earlier start for hair and make-up in our Hair and Makeup Room, located near the Guest Relations Office. Please chat to the venue about having this room opened for you.

Heaters:

We are happy to let you use our heaters for those chilly winter weddings and we will not charge you a rental fee on the heaters themselves. We ask only that you pay for the refill of the gas bottles. We constantly work on securing the best prices for gas and will let you know what these are.

Hospitality Manager:

We believe at core that people will never remember what you said but will always remember how you make them feel. It is the sole job of our Hospitality Team to ensure that all guests are treated with love and kindness at all times. This team will be with you on check in and will be there again when you check out. As we are not a 24 hour hotel, he/she will not be available at 04:00, but will be there for breakfast the next morning.

Ironing:

As our couples are the most important guests on the day, we are happy to assist you with a steam iron for your dress or suit. We sadly are not a laundry service and cannot offer this to every guest. Steaming of any dress other than the wedding dress will not be accommodated. A steamer will be available for personal use.

Inimitable Group:

This is the name of the Group Company that owns STAY and Inimitable. There are two Directors and an MD that form the Management of this Group. Their role is simple - to ensure that your wedding experience is a truly magical one.

John:

John is one of the Founders of the Inimitable Group. He is the Director of Inimitable Wedding Venue, STAY by Inimitable, and other companies across South Africa. It is physically impossible for him to be at every wedding, but he will do his best to pop in and say hi.

July:

The Inimitable Group has always believed that a happy staff body will result in happy guests. Our staff work 6 days a week and some very bizarre hours. In an effort to ensure that they get a good break, we close all our companies for most of July each year. This gives them a chance to spend quality time with their families and loved ones. They always return for the second half of the year full of beans and very happy.

Jumping on Beds:

Please don't. It's that simple. Our bed bases are from Weylands and they will very much hurt your breakage deposit if they get broken. We have invested in expensive mattresses and the best way to give you a good night's sleep is to make sure no one jumps on the bed. It seems like common sense to us.

Kids:

We are, and always will be, big fans of small kids! Kids are welcome at Inimitable and are charged for at the following rates:

- Kids under the age of 6 are free of charge.
- Kids between the ages of 6 and 12 are charged at the advertised price on the Additional Packages document.
- Kids over the age of 12 are charged as full adults.

Keys:

Please remember to hand in your keys to the Guest Relations Office when you leave. Sadly as we work on a rather extensive master key system, the replacement fee of a set of keys is large.

L

Late Check Outs:

As we are usually booked with events on most weekend dates, it is rare to get a late checkout time as we need to prepare the suites for the next wedding or function. As these were ready for you, we ask that you assist by checking out on time to ensure that the next wedding or function has their dreams come true.

Loadshedding:

STAY is a fully off-grid Solar Powered venue. We do not experience Load Shedding.

Lost and Found:

If anything is left behind after your wedding or function, the Venue Manager will gather the items and return them to the Guest Relations Office for the attention of the Hospitality Team who will reach out to the couple with this information.

M

Mini Bars

Not all rooms have mini-bars, but we are proud to inform you that the following rooms do:

The Dusk Suite

The Dawn Suite

The Lunar Suite

The Pool Villas

These mini-bars are stocked before you check in and will be counted on checkout. Prices are advertised at the mini-bar and used/missing items will be billed. This includes items you may have eaten or drank at midnight - even if you can't remember.

Mondays:

As an office we are closed on Mondays. This is our one day off a week. We apologise for not answering the phone or replying to any emails on a Monday.

N

Negotiating:

Please note that all prices are advertised. This is to ensure that we remain transparent at all times. We refuse to negotiate prices as this would result in us being disingenuous, which we are not. Please know that our staff will not enter into any negotiations on set / advertised pricing.

O

Office Hours:

Mondays: Closed

Tuesday / Wednesday / Thursday: 09:30 - 16:30

Friday / Saturday / Sunday: 09:30 - 16:30

Overtime Charges:

On a Sunday, the venue closes at 22:00. This is the By-Law in the area. and we are bound by it. Overtime on this day can be secured by prepaying for one or two hours. On weekdays and a Saturday, you can extend the venue hours until 02:00, whereby the venue must close its doors. On Friday and Saturday Night, the venue closes at 24:00 with the option of extending to either 01:00 or 02:00. If you have paid for overtime before the wedding and give us ample warning that you are not using it on the night, we will happily refund you.

P

Paraplegic Access:

STAY will always endeavour to be 100% wheelchair friendly but cannot always guarantee this. Please see the contract for more clarification on this.

Payment Terms:

These are designed in a way to help break payments up into smaller chunks that help it not to feel so overwhelming. They are also broken into these milestones, to allow the continuous work on the venue to prepare for your wedding to happen. We pay suppliers in line with these terms and therefore ask you to adhere to them. The Accounts Manager will inform you of these, but just in case you skip that mail, here they are:

Securing the Venue: Your first 50% of the Venue Hire

6 Months before the event date: 50% of the Package Fee

3 Months before the event date: 50% of the Package Fee

1 Month before the event date: The final 50% Venue Hire and rest of invoice.

This is structured in such a manner as to allow your RSVP's to be received in time for the final meeting which takes place a month before. This also allows us to place our final food, staff and other orders.

Personal Numbers:

From time to time, our staff have been known to give out their personal cell phone numbers. This is a natural occurrence, given the journey we walk towards your wedding. Please can we ask that you try to keep correspondence to office hours as they will be with their families and loved ones after office hours.

R

Racism/Hatred

We are a loving venue and we do not accept racism or hate speech in any form. Should wedding guests be behaving in such a manner, we will simply remove them from the property. We fiercely respect all human rights and do not stand for hatred or discrimination of any kind. Please reread Hate Speech again for more clarity on our actions should an incident of racism or hatred occur.

Rehearsal:

We would love to see you for a rehearsal if you feel it is something that you need. Please can we ask that you arrange a time with us to ensure that there is no wedding happening on that day.

Rain:

We will always ensure that we have at least one Large Golf Umbrella per couple on standby in the event of rain.

Roofs:

The Architectural Design of STAY has lent itself to a situation whereby you or your guests may feel an inclination to walk up the grass banks on to the top of the buildings. We hereby state that this is strictly prohibited, due to safety concerns, and ask that all guests refrain from having roof top adventures. A R 5000 instant fine will be issued against you, the couple, for any guest that ignores this request.

S

Security:

STAY offers 2 roaming guards from our private security company on the day and night of your wedding / function, as well as another in the Guard House. STAY is also protected by SDS Security Armed Response. Some might say we are over-board, but the safety of you and your guests is of utmost importance to us.

Sound Levels:

Please note that after 24:00, the music, by order of the Mogale City by-law for Venues within the Cradle of Mankind, must be turned down by a noticeable 40 - 50% in volume. We are not trying to ruin your wedding, but are acutely aware that a noise complaint by a neighbour would result in a police visit - which is never ideal.

Sustainability:

We strive to recycle all waste and aim constantly to reduce, reuse and recycle. We are proud to be running on Solar Power and are even more proud to announce our Sustainability Fund, whereby a portion of your venue hire amount is invested in an account that is used to better the lives of the people in the immediate area of STAY and to uplift the community.

Suppliers List:

As a venue, we do not have a supplier list. The explanation for this is simple. Suppliers constantly ask how much it would cost to be part of our "preferred suppliers list", which we understand as a back-hand or kick back. We firmly believe that kick-backs of any nature are not within the ethics and morals of our company and thus do not accept them. We also believe that just because a company has money, it does not mean that they are a good quality and reliable supplier. Our goal is to get to know you as a couple and then be able to offer advice based on years of experience, to pair you with suppliers that we know you uniquely will love.

Suppliers Meals:

We believe the suppliers are the most important people at your wedding, as without them, there will be no wedding. The suppliers eat the same menu as per the guests, and is charged as advertised on the Additional Rates document.

Swimming:

There is no lifeguard on duty at these water features and we cannot be held responsible for guests drowning or sustaining a water feature based injury. Therefore to protect ourselves legally, we hereby state that swimming in any water feature is strictly prohibited. Suites that include pools are used at your own risk.

T

Tables:

STAY offers white banquet tables that seat 18 people per table. Can be also be used to seat 9 people per table.

Tablecloths:

We do not offer tablecloths as part of our venue hire. Should you wish to hire them, please chat to someone on the Zavion Kotze Events Company team and they will gladly assist you.

U

Umbrellas:

We will always ensure that we have at least one Large Golf Umbrella per couple on standby in the event of rain.

Unique Menus:

STAY does not offer a standardised menu for you to choose from. Each menu is custom designed by our head Chef Andrew Draper and his amazing team in accordance with your likes, preferences and dislikes. The Food Styling Meeting is an exciting and special meeting and we cannot wait to design your wedding menu with our chefs.

V

Venue Manager:

Your Venue Hire includes a Venue Manager. He/she is there to ensure that the venue runs smoothly and at its optimum level. The Venue Manager is not employed to place name cards, wedding favours, menu's or the likes on the tables. They are there to ensure that our staff offer you seamless service and an excellent experience.

Venue Viewing:

Venue Viewings are always by appointment only. We cannot allow you to pop in as we might have a private function happening. Due to the nature of this venue, many events are strictly private and we cannot allow people to walk around the venue unless they are guests. We therefore ask that any and all viewings are arranged through our office and scheduled ahead of time.

Vervet Monkeys:

STAY is located in the Cradle of Humankind, which is synonymous with wildlife. We ask that you please keep your distance from our local animal friends to avoid any injury. Wildlife spotted on STAY commonly are Vervet Monkeys, Ground Squirrels, Porcupines, warthogs and from time to time a buck or two. We suggest keeping your Suite doors closed if you are not in there so that the vervet monkeys do not help themselves to a Nespresso.

W

Water:

Our water is borehole derived, measured, safe and PH balanced to 7.3. We ask that you do not bring mass water into the venue. We are happy to assist with applying your personalised labels onto our bottles (normally in the form of a sticker from your stationery supplier).

External water will affect our Food and Beverage COA and we would hate to be quietly poisoning your guests with bottled water that has been brought from somewhere we do not know.

Wifi:

We are happy to inform you that Stay has WIFI in all general areas.

Wedding Planner:

Zavion Kotze Events Company has excellent Wedding Planning Services. You are also free to hire any other wedding planner, but you are reminded that although there is no restriction placed on wedding planners, the Flowers and Decor must be invoiced and executed by Zavion Kotze Events Company.

Z

Zavion:

Zavion is one of the Founders of the Inimitable Group. He is the Director of Zavion Kotze Events Company, STAY by Inimitable, Inimitable Wedding Venue and other companies across South Africa. It is physically impossible for him to be at every wedding, but he will do his best to pop in and say hi.

Zavion Kotze Events Company:

Inimitable Group exclusively partners with Zavion Kotze Events Company for all floral arrangements, décor, and lighting solutions used within the reception halls across all Inimitable Group properties. Please note that venue hire does not include fairy lights, additional lighting installations, or any other decorative lighting that may be visible during a venue viewing.

For tailored lighting solutions for your wedding or event, we encourage you to consult directly with a member of the Zavion Kotze Events Company team.
